

SAVE THE DATE 5TH-8TH MAY 2020

Lamot Conference & Heritage Centre, Mechelen, Belgium

Be part of the community of professionals working with UV and skin cancer prevention

The 5th International UV and Skin Cancer Prevention Conference will bring together the international UV and skin cancer prevention communities in Mechelen (20 minutes (11 minutes by fast train!) from Brussels Airport and 20 minutes from Brussels train stations) to gain insights, share knowledge and make recommendations. It is aimed at Academics, Researchers, Public Health and communication professionals, Radiation experts, Dermatologists and other professionals working with UV and skin cancer prevention.

Find out more and register

For all event details and to register go to www.uvandskincancer2020.org. For any questions please email the Euroskin Conference Team euroskin@fusevents.org.

Please register before **15th January 2020** for a reduced fee of **€500 per person for the conference and €75 for the workshops**. Please note that places at the conference are limited and registrations after Wednesday 15th January cannot be guaranteed.

Hear and meet renowned keynote speakers

Key note speakers and pre-conference symposia and workshops will be announced on our [website](http://www.uvandskincancer2020.org) and speakers from institutions in Europe, North America, Australia and New Zealand will present the latest research and insights. Review our programme at www.uvandskincancer2020.org.
