

**Cancer Prevention Europe 2021 Symposium
(Zoom meeting)**

**Novel research findings and perspectives in cancer
prevention**

Friday 16 April 2021

10:00 to 13:50 (Central European Summer Time CEST)

Host: International Agency for Research on Cancer (IARC/WHO)

From 9:45 --- Admission time to Conference Room	
10:00-10:05 - Opening of the 2021 Cancer Prevention Europe Symposium	Joachim Schüz (IARC)
Session #1: New insights into causes of cancer and cancer prevention	
10:05-10:15 - Vitamin D in cancer prevention 10:15-10:25 - HPV and risk of invasive cervical cancer 10:25-10:35 - Repurposing cationic amphiphilic antihistamines for cancer treatment 10:35-10:50 <i>Questions and Answers</i>	Hermann Brenner (DKFZ) Joakim Dillner (KI) Marja Jäätelä (DCS)
Session #2: Cancer prevention in the light of global challenges	
10:50-11:00 - Climate change and cancer 11:00-11:10 - COVID-19 and cancer in the Nordic region 11:10-11:20 - Evolution of the perception of cancer risks in France: the barometer cancer results 11:20-11:30 - Young People's Use of e-cigarettes in the UK 11:30-11:45 <i>Questions and Answers</i>	Paolo Vineis (ICL) Tom Johannesen (CRN) Jérôme Foucaud (InCA) Linda Bauld (CRUK)

11:45-11:50 Launch of the Cancer Prevention Europe Learning Centre	
11:50-12:00 <i>Coffee break</i>	
Session #3: Cancer prevention and the European Code against Cancer	
12:00-12:10 - Roadmap for the European Code against Cancer	Carolina Espina (IARC)
12:10-12:20 - Evaluation of the impact of the European Code against Cancer	David Ritchie (ECL)
Short Introduction of the Young Ambassadors of the ECAC	Simina Peterfi (ECL)
12:20-12:30 - Cancer screening & COVID-19	Patricia Villain (IARC)
12:30-12:40 <i>Questions and Answers</i>	
Session #4: Medical cancer prevention: new evidence	
12:40-12:50 - Tumour testing in colorectal cancer: risk assessment and prevention	Bernardo Bonanni (EIO)
12:50-13:00 - Development of preventive therapies – the importance of biomarkers	Karen Brown (UK TCP)
13:00-13:10 <i>Questions and Answers</i>	
Session #5: New developments in tertiary prevention	
13:10-13:20 - Folate/folic acid in colorectal cancer recurrence and mortality: friend or foe?	Dieuwertje Kok (WU)
13:20-13:30 - Physical activity and fatigue in colorectal cancer patients	Matty Weijenberg (MU)
13:30-13:40 <i>Questions and Answers</i>	
13:40-13:50 Adjourn	

IARC: International Agency for Research on Cancer (France); DKFZ: German Cancer Research Center (Germany); KI: Karolinska Institute (Sweden); DCS (Danish Cancer Society); ICL: Imperial College London (United Kingdom); CRN: Cancer Research Norway (Norway); InCA: Institut National du Cancer (France); CRUK: Cancer Research UK (United Kingdom); ECL: European Cancer Leagues (Belgium); EIO: European Institute of Oncology (Italy); UK TCP: UK Therapeutic Cancer Prevention (United Kingdom); WU: Wageningen University (The Netherlands); MU: Maastricht University (The Netherlands)
